An ever-growing network of trails is spreading across Bexar County, providing residents and visitors with beautiful opportunities for family fun, fitness and touring. More than 85 miles of developed greenway trails make up the Howard W. Peak Greenway Trails System and the San Antonio River Walk. A primary source of funding is the Linear Greenway Trail Development Program. Voters have approved this program four times since 2000, allotting a portion of sales tax to land purchases and trail development. Trails are now either built or planned for many of San Antonio’s creeks including Alazan, Apache, Culebra, Huebner, Huesta, Leon, Martinez, Salado, San Pedro and the Medina River.

Tips for Riding Trails

- SLOW DOWN and merge to the right to pass.
- Keep an eye for horseback riders.
- Be Bright at Night; both headlight and tailights are required.
- Always sign up before entering the trail.
- Pick up after yourself; no trash or littering.
- Bring extra water, sunscreen, and insect repellent; know when to stop.
- Stay out of the door zone. Ride 3-5 feet from stopped cars on the right; motorists are not allowed to pass you here.

Know Who to Call

- VIA is not responsible for personal injury or property damage.
- Be on the lookout for VIA’s new BikeLid.
