Policy 1:
Guidelines for Funding Planning Studies in the
Unified Planning Work Program

A. Development of the Budget Document (Unified Planning Work Program)

As required by federal and state regulations, the Alamo Area Metropolitan Planning Organization (MPO) adopts a document detailing the transportation planning tasks and their budgets for the study area for a given time period. This document is referred to as the Unified Planning Work Program or UPWP. The Alamo Area MPO currently adopts a two-year UPWP.

In February of the UPWP development year, the MPO’s Technical Advisory Committee (TAC), in coordination with MPO staff, will identify priorities for the upcoming two-year time period. Priorities may include refinements to the MPO’s processes; development of databases; or other aspects of multi-modal transportation planning to include demographic development and travel demand modeling; public involvement; analysis of geographic subareas or corridors, transit, bicycle and/or pedestrian, freight, environmental, congestion management or other priorities. These priorities must be sufficiently defined because they will then become planning studies to be considered for funding.

In March, TAC and MPO staff will develop scopes of work (specifically noting data requirements, including data that already exists and data that will need to be collected) and budgets for the priorities identified in February. A recommendation will be made for the work to be performed by MPO staff, partner agency staff or consultants. For each identified planning study, MPO staff will identify previous related work and a reasonable timeframe for completing the scope of work.

Throughout April of the UPWP development year, MPO staff, in consultation with TAC as necessary, will prepare a draft UPWP and present it to TAC for review in May. A draft UPWP is also submitted to TxDOT (Austin) by the required deadline.

Prior to the final deadline established by TxDOT for UPWP submittal, TAC will review the final draft UPWP, make a recommendation on its approval and submit it to the Transportation Policy Board for final adoption.

The Transportation Policy Board gives final approval of studies and budgets for inclusion in the Unified Planning Work Program.

B. Reporting Requirements

Monthly Progress Report

For studies and projects undertaken by either agency staff or consultant, a written monthly progress report (Form "C") will be prepared and submitted to the MPO with each monthly billing package. This monthly progress report will outline specifically the work accomplished under each work element/deliverable and compare that work, specifically with the objectives and tasks outlined to be accomplished. The progress report will specify and delineate any problems that have occurred as well as indicate whether the study will be completed on time and within the
budget as approved. This report will be submitted along with monthly billings and signed in accordance with the agency or consultant’s internal procedures.

**Annual Performance and Expenditure Report**

The annual performance and expenditure report will be prepared by the MPO staff and forwarded to the Texas Department of Transportation and the Federal funding agencies by the required deadline. The annual report work documents work completed for each subtask, and provides a year-to-date funding summary.

**Technical Memorandum**

A Technical Memorandum is a status report of work completed for one or more work elements/deliverable as outlined in the agency or consultant contract, with a timeframe of less than a complete fiscal year. The effort required for each technical memorandum is dependent on the amount of work performed in the timeframe specified in the contract. The technical memorandum format of those products being reviewed by the Technical Advisory Committee will be in report document form. Agencies and consultants will be responsible for providing an electronic version from which to make hardcopies as necessary.

**Technical Report**

A Technical Report is the documentation of work accomplished within an entire fiscal year for a subtask that extends beyond one fiscal year. This document will fully describe the work performed without a requirement for final recommendations or conclusions. Agencies and consultants will be responsible for providing an electronic version to post on the MPO’s website and from which to make hardcopies as necessary.

**Final Report**

A Final Report is a stand-alone document that states the objective of the study, describes the planning work accomplished, and provides recommendations or conclusions (this report may consist of work accomplishments in more than a single fiscal year). Agencies and consultants will be responsible for providing an electronic version to post on the MPO’s website and from which to make hardcopies as necessary.

**C. Budget Amendment Approval**

The MPO Director is authorized to approve/disapprove agency and consultant line-item budget amendments that stay within the total contract amount.

The following amendments shall be presented to the Technical Advisory Committee and Transportation Policy Board for review and subsequent approval:

a. Any proposed change in scope of work for any study (Agency or consultant) regardless of dollar amount.

b. Any request for additional funding.
D. Participation in Planning Studies

Transportation Policy Board members, Technical Advisory Committee members and MPO staff shall not be eligible to participate in contracted work for a period of one year following their departure from one of the aforementioned entities. Any violations of this policy will result in the disqualification of the consulting team from the procurement process for that project.

Member agencies of the MPO are ineligible to compete for studies identified in the UPWP as consultant studies.

Adopted: December 4, 2017
Policy 2: Public Participation Plan

This text is the Alamo Area Metropolitan Planning Organization’s (MPO) plan to involve the public. It is called a Public Participation Plan (PPP) and is required by law. People were able to comment on the plan for 45 days. This comment period took place prior to adoption of the plan.

Purpose of the Public Participation Plan

This plan provides a guide for how MPO staff can involve the public. It includes goals, procedures, and tools the MPO will use. It also includes metrics used to measure and evaluate plan performance.

MPO's Commitment to Public Participation

People should have a say in transportation decisions that affect their lives. To help make this possible, the MPO commits to:

1. Welcome all people into the planning process.
2. Identify people affected and involve them in the process.
3. Get people involved early and keep them involved throughout the process.
4. Provide people with a variety of ways to participate.
5. Hold meetings at convenient dates, times, and locations.
6. Hold meetings at accessible places (see attachment 1).
7. Make meetings accessible for people with disabilities.
8. Provide interpreters (spoken or sign) if requested at least five (5) working days in advance of a meeting.
9. Use information and graphics that are easy to understand.
10. Talk to people and record their comments.
11. Consider comments in the planning process.
## Public Participation Goals

| Goal 1 | • The MPO will **engage people in the transportation planning process**. The MPO will do this **according to the goals in this plan and applicable laws**. |
| Goal 2 | • The MPO will **keep people informed** of transportation news. |
| Goal 3 | • The MPO will **encourage everyone in the study area to get involved**. This includes those traditionally underserved. |
| Goal 4 | • The MPO will **strive to improve** public participation. |
| Goal 5 | • The MPO will **work closely with other transportation agencies**. |
Federal and State Requirements

This plan reflects the MPO’s commitment to the public. It also outlines their role in the regional planning process. It follows the federal and local laws listed below.

**Federal Highway Administration (FHWA) and Federal Transit Administration (FTA)**
Federal rules for metropolitan transportation planning (23 CFR 450.316) and FHWA guidelines say that Metropolitan Planning Organizations (MPOs) shall develop and use a documented participation plan. The plan defines a process for providing citizens, affected public agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process. The MPO complies with the ten MPO requirements listed in 23 CFR 450.316.

**Fixing America’s Surface Transportation Act (FAST Act)**
The current transportation bill is the Fixing America’s Surface Transportation (FAST) Act. It was passed by Congress and signed by President Obama on December 4, 2015. The FAST Act authorizes $305 billion nationwide over fiscal years 2016 through 2020 for transportation spending. It is the first law enacted in over ten years that provides long-term funding certainty for surface transportation.

**Americans with Disabilities Act of 1990**
The Americans with Disabilities Act of 1990 (ADA) stipulates involving the community, particularly those with disabilities in the development and improvement of services.

**The Age Discrimination Act of 1975**
The Age Discrimination Act of 1975 prohibits discrimination based on age in programs or activities receiving Federal financial assistance. The Act prohibits recipients of Federal financial assistance from taking actions that result in denying or limiting services or otherwise discriminating based on age.

**Title VI of the Civil Rights Act of 1964.**
Title VI states that “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving federal financial assistance.” Title VI serves as the legal foundation for what is today referred to as environmental justice. The MPO adheres to Title VI and environmental justice principles.

**Executive Order 13166 – Limited English Proficiency**
Executive Order 13166 was created to "... improve access to federally conducted and federally assisted programs and activities for persons who, as a result of national origin, are limited in their English proficiency ..." Federal agencies were directed to provide guidance and technical
assistance to recipients of federal funds as to how they can provide meaningful access to limited English proficient users of federal programs. Consistent with Executive Order 13166 and U.S. Department of Transportation (DOT) guidance, the MPO has developed a Limited English Proficiency Plan in order to ensure meaningful input opportunities for persons with limited English proficiency. The MPO LEP plan is available on the MPO website (www.alamoareampo.org) and calls for translations of vital documents, such as public notices, into Spanish. The MPO may, at its discretion, translate documents into additional languages if the nature of the document and the character of the document’s target audience justify additional translation. The LEP plan provides further guidance for serving limited English-speaking populations.

**Executive Order 12898 on Environmental Justice**

This order was signed by President Clinton in 1994. It reinforced the requirements of Title VI of the Civil Rights Act of 1964 that focused federal attention on the environmental and human health condition in minority and low-income communities:

> Each federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies and activities on minority populations and low-income populations.

**Executive Order 13175 – Consultation and Coordination with Tribal Governments**

Executive Order 13175 states that “in formulating or implementing policies that have tribal implications, agencies shall establish regular and meaningful consultation and collaboration with tribal officials to reduce the imposition of unfunded mandates upon Indian tribes.”

At least one American Indian tribe has expressed an interest in being notified of activities throughout the state of Texas. Though there are no tribal governments located in the Alamo Area MPO study area, the MPO will actively seek to keep tribal governments informed of major decisions affecting the region. The MPO will continue to communicate with Native American Indian tribal leaders on an ongoing basis to identify issues of common concern.

**Disclaimers**

In order to share appropriate requirements with the public related to various laws and regulations, the MPO regularly uses the following disclaimers. Their purpose and use is described below.

**American’s with Disabilities Act Statement**

The following disclaimer will be included on public meeting notices as appropriate:

> MPO meetings will be conducted in accordance with the Americans with Disabilities Act and are accessible to persons with disabilities. Arrangements for special assistance can be made by calling the MPO at (210) 227-8651, or Relay Texas at 1-800-735-2989 at least five (5) business days in advance. The meeting facilities will also be within a reasonable distance of a bus route in counties where bus service is readily available.
Title VI and Environmental Justice Statement
The following MPO Title VI and Environmental Justice Nondiscrimination Statement will be included in informational items and collateral materials as appropriate:

The Alamo Area Metropolitan Planning Organization (MPO), as a recipient of Federal funding and under Title VI of the Civil Rights Act and related statutes, ensures that no person shall on the grounds of race, religion, color, national origin, sex, age or disability be excluded from participation in, denied benefits of, or otherwise discriminated against by any MPO program or activity.

Report Language
The following language shall be included in all reports published by the MPO:

Prepared in cooperation with the Texas Department of Transportation and the U.S. Department of Transportation, Federal Highway Administration, and Federal Transit Administration.

This language shall be displayed on the interior front cover page in a place of prominence in accordance with the contract between TxDOT and the Alamo Area MPO.

Federal Transit Administration Section 5307 Language
For newspaper ads in support of the development of the Transportation Improvement Program, by agreement with the transit provider, the language shown below must be included in the ad text itself:

The TIP development process is being used to satisfy the public hearing requirements of FTA’s Section 5307 program and this notice and associated review period will satisfy FTA’s Program of Projects requirements.
Target Audiences

The MPO takes great pride in working with people and other agencies. The MPO strongly believes that people should have a say in decisions that impact their lives. MPO staff keeps a contact list updated on a continuous basis. People and groups that the MPO targets are listed below. This list is not exhaustive but is meant to give an understanding of key stakeholder groups.

</tbody>
</table>
Diversity and Inclusiveness

The MPO commits to engage traditionally underserved groups. These groups include low-income and minority populations. Federal laws protect additional groups. Protected groups are listed here.

Protected Categories
Both Title VI of the Civil Rights Act of 1964 (Title VI) and Executive Order 12898 (EO 12898) on Environmental Justice (EO 12898) are specific in the description of the populations they protect. Title VI prohibits discrimination based on race, color and national origin. EO 12898 protects minority and low-income populations. Discrimination against persons based on gender, age, and disability are addressed by other nondiscrimination statutes. Collectively, these populations are often referred to as “traditionally underserved” in the transportation planning process.

Minority
Persons considered minorities are identified by the U.S. Census as people of African, Hispanic, Asian, American Indian, or Alaskan Native origin. Executive Order 12898 and the DOT and FHWA Orders on Environmental Justice consider minority persons as persons belonging to any of the following groups:

- **Black** – a person having origins in any of the black racial groups of Africa
- **Hispanic** – a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race
- **Asian** – a person having origins in the Far East, Southeast Asia, or the Indian subcontinent
- **American Indian and Alaskan Native** – a person having origins in North America and who maintains cultural identification through tribal affiliation or community recognition

Low Income
A person whose household income (or in the case of a community or group, whose median household income) is at or below the U.S. Department of Health and Human Services poverty guidelines. The national poverty guidelines are issued annually by the Department of Health and Human Services and are available at http://aspe.hhs.gov/poverty/poverty.shtml.

Elderly
Any persons over the age of 65
People with Disabilities
Under the Americans with Disabilities Act of 1990, a qualified individual with a disability is a person that 1) has a physical or mental impairment that substantially limits one or more major life activities; 2) has a record of such an impairment; or 3) is regarded as having such an impairment.

Limited English Proficiency
People who do not speak English as their primary language and have a limited ability to read, speak, write, or understand English may be considered limited English proficient.

Additional Categories
Additionally, MPO includes low-literacy populations and households without personal transportation as traditionally underserved populations, although they are not protected by either a federal act or an executive order.

Low Literacy
People who have difficulty using certain reading, writing, and computational skills considered necessary for functioning in everyday life may be considered to have low literacy. Persons with low literacy are generally defined as having less than fifth-grade reading and comprehension skills.

Zero Car Households
Households without cars or access to one.
The MPO board and committees provide one of the most regular and consistent ways for public involvement. Following is a list of committees supported by MPO staff. The table below identifies the day of the month, time, and location of their meetings.

**Meeting Notices**

The Texas Open Meetings Act requires written notice of all meetings. Section 551.041 provides:

> A governmental body shall give written notice of the date, hour, place, and subject of each meeting held by the governmental body.

The MPO regularly posts MPO Transportation Policy Board (TPB), Executive Committee, Technical Advisory Committee (TAC), Bicycle Mobility Advisory Committee (BMAC) and Pedestrian Mobility Advisory Committee (PMAC) meetings in the Texas Register, at the Bexar County Courthouse Bulletin Board, and with Comal and Guadalupe Counties.

**Public Comments**

The MPO accepts public comments at every regular meeting of the board and committees. Comments can be spoken or in writing.
Public Participation Toolbox

The MPO communicates with the public in a variety of ways. Information shared covers the MPO’s programs, projects and studies. MPO information materials display the MPO logo and include contacts. This section describes some of the communication tools the MPO uses.

Philosophy of External Communications

Guiding principles for external communications include:

- **Informative**: The MPO will provide information. The MPO does not advocate on issues.
- **Concise**: The MPO will provide clear and concise information.
- **Clear**: The MPO will use easy to understand text and graphics.
- **Engaging**: The MPO will hold meetings that are fun, interactive, and meaningful.

The MPO uses the “Spectrum of Public Participation.” It was developed by the International Association of Public Participation. The spectrum helps identify when to use tools in the process.

### IAP2’S PUBLIC PARTICIPATION SPECTRUM

The IAP2 Spectrum is a tool for defining the public’s role in any public participation process. It provides a framework for understanding the level of public participation required.

<table>

Public Participation Procedures

The MPO generates major planning documents that require public input and community consensus. As a result, they are made available for public comment using various outreach strategies. Members of the public can view all of the required documents, and any amendments, on the MPO website at www.alamoareampo.org or call 210-230-6929 to receive a copy. Following is a list of the major planning documents produced by the MPO.

- Metropolitan Transportation Plan, or long-range plan
- Transportation Improvement Program, or short-range plan
- Unified Planning Work Program
- Public Participation Plan
- Performance Measures Report
- Transportation Conformity Document

The Transportation Policy Board has set different approval processes depending on the item agendized for action. The two-step approval process is for new TIP, MTP and Transportation Conformity documents, as well as amendments to the TIP and MTP. The two-step process means that items will be presented to the Transportation Policy Board one month with action scheduled for the following month, allowing for a minimum public comment period of 30 days.

The MPO also has a process for an expedited, or one-step process, for TIP and MTP amendments that allows the board to hear the item presented and take action within one meeting.

Other items such as amendments to the Unified Planning Work Program, consultant contract awards and resolutions of support, as examples, are acted upon by the Transportation Policy Board in a one-step approval process.

Below, please find a description of the two-step and expedited one-step processes. For more information on these processes, please reference Policy 3. The following page identifies the planning steps required for each planning document produced by the MPO along with the minimum outreach strategies recommended for each. Whenever possible, the MPO will strive to go beyond the minimum outreach strategies.

Two-Step Approval Process

1. Present, for informational purposes, the Proposed Action to the Technical Advisory Committee/Transportation Policy Board in month one
2. Present, for Action, to the Technical Advisory Committee/Transportation Policy Board in month two

Expedited One-Step Approval Process (for TIP and MTP Amendments only)

- Transportation Policy Board hears a presentation and takes action at one meeting as opposed to two board meetings
- Reserved for items requiring quick action due to impending federal or state requirements or deadlines (or for other reasons deemed in the community’s best interest)
- Requires a 75% vote by the Transportation Policy Board to enter into a time certain public hearing and the Board will solicit input into the amendment(s) prior to taking action

Monitoring and Evaluation

This PPP will be reviewed and adopted, with revisions if necessary, at least every three (3) years. The following performance measures will be recorded by staff on a continuous basis to monitor and evaluate the effectiveness of participation strategies. Where appropriate, the Deputy Director and the Planning/Public Involvement Program Manager will set yearly targets. Adjustments to strategies will be made as needed to meet the public involvement plan goals.

In addition to the measures listed above, the MPO will provide meeting evaluation forms at public meetings, workshops, and hearings to collect qualitative feedback from participants that can be used to improve meeting processes for future events.

### Revisions and Amendments

This Public Participation Plan reflects the current policies of the Alamo Area MPO. At a minimum, these policies will be reviewed, revised if necessary and adopted every three (3) years.

**Administrative amendments** to the PPP include changes to the public involvement tools and strategies, revision of references to applicable regulations, misspellings, omissions or typographical errors. Staff performs these updates, with no notification required.

**Amendments** to the Participation Plan include any other changes that do not fit the administrative definition above. A two-step process and 45 days of public comment are required before adoption. If the document changes significantly due to public comments, an additional 45-day comment period is required.

Development of a new Public Participation Plan follows a two-step process and requires a 45-day comment period.

### Policies Regarding Electronic Communications

#### Social Media

The MPO recognizes the value in reaching out to the public on social media platforms such as Facebook, Twitter, Instagram, YouTube, and Nextdoor. The MPO uses these tools to communicate information to the public. They are also a convenient option for the public to communicate comments and questions directly to MPO staff. Following is the MPO’s official social media policy:

Comments on the MPO’s social media sites do not necessarily reflect the opinions and position of the MPO, its individual board members, administrators, officers, or employees. Further, the MPO reserves the right to remove or hide a comment that is in violation of the MPO’s policy without prior notification. The MPO does not endorse any content, viewpoint, product, or service linked from its social media sites and shall not be held liable for any losses caused by reliance on the accuracy, reliability, or timeliness of shared information. In addition to information provided by the MPO, the MPO’s social media sites may contain comments and opinions from unrelated third parties which are being provided as a convenience to the public and for informational purposes only. These comments or opinions do not constitute an endorsement or an approval by the MPO of any of the views or comments posted on the MPO’s social media platforms. More importantly, comments...
received and exchange via the MPO’s social media platforms do not count as official comments during a published comment period. MPO staff will make every effort to communicate the appropriate channels to submit comments, which typically include in-person, mail, fax, email, or through the organization’s online virtual public meetings.

The MPO’s social media sites serve as a limited public forum and all content published is subject to monitoring. In the same manner as a public forum, user-generated posts should be suitable in terms of time, manner and place. The MPO reserves the right to publish any posting, or to later remove it based on the following guidelines. Third party comments will be rejected or removed (if possible) when the content:

- Is off-subject or out of context
- Contains obscenity or material that appeals to the prurient interest
- Contains personal identifying information or sensitive personal information
- Contains offensive terms that target protected classes
- Is threatening, harassing, defamatory or discriminatory
- Contains any copyrighted material owned by a third party
- Circumvents Public Records and Open Meetings Laws
- Incites or promotes violence or illegal activities
- Contains information that reasonably could compromise individual or public safety
- Advertises or promotes a commercial product or service, or any entity or individual

MPO social media sites are subject to applicable public records laws. Any content maintained in a social media format related to MPO business, including communication posted by the Agency and communication received from citizens, is a public record.

**Section 508 Compliant Website**
The MPO is committed to ensuring that information posted on an MPO-sponsored website is accessible for all people regardless of ability or access method. Additionally, the MPO will conduct two compliance scans yearly, one in July and one in January, to detect Section 508 violations. Given that the MPO's website was developed and updated in-house, violations will be corrected to the best of our ability. Upon request, all information contained on any MPO-sponsored website can be made available in an alternative format by contacting [Name and Title pending], at (210) 227-8651.

The MPO’s websites make use of industry-standard techniques and preferred practices to provide the highest possible level of ADA website accessibility for our users. These include, but are not limited to, the characteristics of usability for screen reader users, keyboard-only users, users with low/impaired vision, users who are deaf and users who are color blind.

**Known Accessibility Challenges**
- The MPO is committed to assessing, prioritizing, and updating MPO websites found to be non-ADA compliant. At any point in time, we are in varying stages of progress toward our accessibility goal.
• Some of our content is in PDF format only. We are working on a process to ensure all PDFs are accessible.
• Due to current technology constraints, there are some instances where we are unable to provide information in an accessible format (e.g. mapping information).

Policy 3: Guidelines for Programming Projects in the Metropolitan Transportation Plan and the Transportation Improvement Program

This document constitutes the Alamo Area Metropolitan Planning Organization’s process for programming projects in the Metropolitan Transportation Plan and the Transportation Improvement Program. When considered for amendment, this document shall be subject to a public comment period of approximately 30 days prior to adoption by the Metropolitan Planning Organization Transportation Policy Board.

A. Purpose

The Alamo Area Metropolitan Planning Organization (MPO) develops a Transportation Improvement Program (TIP) that programs projects for a minimum of the following four (4) fiscal years. The TIP is forwarded to the Texas Department of Transportation (TxDOT) for inclusion into the Statewide Transportation Improvement Program. The TIP project selection process begins with the long-range Metropolitan Transportation Plan process. The public is invited to fully participate in the Metropolitan Transportation Plan development process thus assisting in the selection and prioritization of transportation improvement projects. Implementing agencies which include the Alamo Area Council of Governments, Alamo Regional Mobility Authority, cities and counties within the MPO study area, the Texas Department of Transportation (TxDOT), and VIA Metropolitan Transit, participate in the Metropolitan Transportation Plan development process with one of the final products of the process being a prioritized list of transportation projects to be eventually considered for inclusion in the TIP.

Projects in the TIP are either selected by the Transportation Policy Board in consultation with the State (TxDOT) and transit operator (VIA) or selected by the State (TxDOT) in cooperation with the MPO. Projects selected by the Transportation Policy Board are those that are to be funded with Surface Transportation Program - Metro Mobility (STP-MM), Transportation Alternatives (TA), Congestion Mitigation & Air Quality (CMAQ), and any other future U.S. Department of Transportation (USDOT) or TxDOT funds suballocated to the local level.

B. Project Funding Categories

Project funding categories in the TIP and MTP include but are not limited to:

- Category 1 Preventative Maintenance & Rehabilitation
- Category 2 Metropolitan and Urban Corridor Projects
- Category 3 Non-Traditional Funding
- Category 4 Statewide Connectivity Corridor
- Category 5 Congestion Mitigation and Air Quality (CMAQ) ¹
- Category 6 Structure Rehabilitation

¹ The Alamo Area MPO does not currently receive this type of funding.
- Category 7 Surface Transportation Program – Metro Mobility or STP-MM
- Category 8 Safety
- Category 9 Transportation Alternatives
- Category 10 Miscellaneous
- Category 11 District Discretionary
- Category 12 Strategic Priority
- Federal Transit Administration Section 5307 (Urbanized Area Formula Grant Program)
- Federal Transit Administration Section 5309 (Capital Grant Program)
- Federal Transit Administration Section 5310 (Elderly and Disabled Transportation Assistance Grant Program)
- Federal Transit Administration Section 5339 (Bus and Bus Facilities Infrastructure Investment Program)

C. Use of ‘Grouped’ Control Section Job (CSJ) Numbers

A CSJ (Control Section Job number) is an identifying project number used by the Texas Department of Transportation. The MPO will use ‘Grouped’ CSJs for the following types of projects:

- Preliminary Engineering
- Right-of-Way Acquisition
- Preventive Maintenance and Rehabilitation
- Bridge Replacement and Rehabilitation
- Railroad Grade Separations
- Safety
- Landscaping
- Intelligent Transportation Systems Deployment
- Bicycle and Pedestrian
- Safety Rest Areas and Truck Weigh Stations
- Transit Improvements

Projects that fall within these categories will be listed in an appendix of the Transportation Improvement Program. Generally these Grouped CSJs will be used for projects funded under Category 1 (Preventive Maintenance & Rehabilitation), Category 6 (Structure Rehabilitation), Category 8 (Safety), and Category 10 (Miscellaneous). These projects are initially included in an Appendix of a new TIP and are revised or amended administratively as allowed in Section G Administrative Revisions.

Grouped CSJs will not be used for wholly or partially funded Category 2 (Metropolitan and Urban Corridor), Category 5 (CMAQ, when allocated), Category 7 (STP-MM), or Category 9 (Transportation Alternatives) projects.
D. Use of Appendix D - Projects Undergoing Environmental Assessment

The purpose of Appendix D is to identify projects that are undergoing preliminary engineering and environmental analysis (PE/EA) consistent with early project development. The Federal Highway Administration allows these projects to be referenced in the current Transportation Improvement Program in order to facilitate the feasibility and PE/EA phases. This Appendix contains projects that are scheduled for implementation beyond the four years of the TIP time frame, and it in no way implies that these projects are programmed in the TIP. Cost estimates are preliminary and do not represent any commitment of construction funding. Consistency with the Metropolitan Transportation Plan will be verified as alternatives are examined in studies or environmental clearance efforts.

Projects listed in Appendix D will include, at a minimum, MPO ID number, county, sponsoring entity, street name, project limits, project description, estimated let date and preliminary project cost.

E. Quarterly Review of Projects

Category 2 (Metropolitan and Urban Corridor) Projects

The implementing agency will submit amendments to the Category 2 (Metropolitan and Urban Corridor) projects to the MPO in writing. For cost increases greater than 10%, the implementing agency will also submit to the MPO justification for the cost increase and the funding source of the additional amount. For new projects being amended into the TIP that are not part of the current Unified Transportation Program, the implementing agency will also submit to the MPO which other Category 2 projects are being amended to allow for the inclusion of the new project unless the new projects are funded using additional allocation.

Category 7 (STP-MM) and Category 9 (TA) Projects

Every three (3) months, a detailed review of Category 7 (STP-MM) and Category 9 (TA) funded projects in the TIP will be conducted. These projects will be reviewed for progress towards their letting (contract) dates, cost estimates, description and limits. If warranted by the detailed review, projects may be re-prioritized at the discretion of the Transportation Policy Board.

If the quarterly review warrants amendment(s) to the TIP, such amendment(s) will be presented to the Transportation Policy Board for consideration in sufficient time to allow the amendment(s) to be incorporated into the next regularly scheduled quarterly amendment of the Statewide Transportation Improvement Program.
F. Amendment Process

The following changes will require an amendment to the TIP and MTP:

- Adding or deleting project(s)
- Revising the project scope of work
- Revising the project cost
- Revising funding categories
- Revising the phase of work (ex: from P.E. to construction)
- Revising project limits

Amendments to the TIP and MTP require a two-step process. To permit adequate public review and comment, amendments to the TIP and MTP will be presented at a Transportation Policy Board meeting with action on the amendment occurring at the following Transportation Policy Board meeting (approximately 30 days after initial presentation). TIP and MTP amendments are provided in the meeting package which is posted on the MPO’s website a week prior to TAC and TPB meetings. Amendments to both the TIP and the MTP may be initiated concurrently.

Amendments to the TIP or the MTP requiring quick action due to impending federal or state requirements or deadlines (or for other reasons deemed in the community's best interest) may be accomplished by a 75% vote of the TPB quorum present to waive the routine two-step process. In these cases, the Transportation Policy Board will hold a special public hearing within their normal meeting agenda to specifically solicit public comment on the proposed TIP or MTP amendment. These actions will be emphasized on the meeting agenda that is both mailed and e-mailed out ten (10) days prior to the Transportation Policy Board meeting. This will alert the public and permit special attendance to comment on the action prior to adoption by the Transportation Policy Board.

Governing bodies of the sponsoring agencies will promptly notify the MPO in writing of any currently programmed projects that are proposed to be deleted from the TIP. The governing body of the sponsoring agency shall state its preference for project replacement in the written notification. The Transportation Policy Board will provide direction and/or may consider action at the next appropriate meeting with respect to amending the TIP.

To the extent possible, any project amended outside the timeframe of the current TIP due to funding limitations will have priority consideration in being amended back into the TIP when additional funding becomes available.

G. Administrative Revisions

The MPO Director is authorized to approve certain “administrative changes” to the TIP with the notification of such to the appropriate transportation planning partners. The intent of this section is not to circumvent the public process for amending the TIP, but to allow for minor corrections to the TIP that do not materially change a project's function including minor revisions to project limits, scope or cost.
H. Category 7 (STP-MM) Projects

Basic Requirements for STP-MM Projects

All projects submitted for consideration for funding through normal Category 7 (STP-MM) program allocations will compete through a standard project call when a new TIP is being developed. The Transportation Policy Board will approve a schedule, parameters and project selection criteria prior to the formal project call. Submitted projects must meet the following basic requirements:

1. Projects will be submitted to the MPO through an implementing agency (Alamo Area Council of Governments, Alamo Regional Mobility Authority, Texas Department of Transportation, VIA Metropolitan Transit and cities and counties within the MPO Study Area) and appropriate commitments of local match shall be made. Approval of the commitment of the local match from the Texas Department of Transportation District Engineer or the policy body of the local agency submitting the project for consideration will be obtained and submitted to the MPO. An ‘in-kind’ match is not allowed for construction projects.

2. All submitted projects shall be developed in accordance with minimum standards as defined by AASHTO and/or NACTO, as applicable.

3. Each implementing agency is encouraged to address Title VI and Environmental Justice considerations in submitting projects to the MPO for consideration.

4. Agencies should consider the transit service area when submitting projects.

5. Pedestrian and bicycle facilities will be included in all future transportation improvement projects. Any exceptions will need to be adequately justified by management of the implementing entity. Bicycle and pedestrian components included in a funded project may not be deleted from the project at a future date.

6. Funded STP-MM projects will also be included in the MTP. Note: Amendments to the MTP and the TIP are made through the amendment process at the discretion of the Transportation Policy Board. Amendments to the MTP and TIP, can be made simultaneously.

7. A roadway project submitted for consideration in the TIP must be on a functionally classified facility as defined by the MPO and approved by Federal Highway Administration through the State. Roadway projects on facilities classified as a local street or minor collector do NOT qualify for Federal funding.

8. All deadlines set by the MPO are firm.
STP-MM Call for Projects Process

Prior to each STP-MM project call, MPO staff will develop the schedule, submittal form and call for projects process, to include workshop(s) jointly hosted by the MPO and TxDOT. These items will be reviewed and acted upon by the Bicycle Mobility Advisory Committee (BMAC), Pedestrian Mobility Advisory Committee (PMAC), and Technical Advisory Committee (TAC) with final action by the Transportation Policy Board.

MPO staff will be responsible for assembling data for the technical scoring process. A subcommittee of BMAC and PMAC will score standalone bicycle and pedestrian projects. A subcommittee of TAC will score added capacity and operational projects.

STP-MM Project Selection

The TAC will review the technical scoring, public input, project readiness and agency priorities and make a recommendation to the MPO’s Executive Committee on a slate of projects to be funded. The Executive Committee will make a recommendation to the Transportation Policy Board. The TAC may request presentations by implementing agencies.

STP-MM Project Implementation

1. Unless allocated a fixed amount, each STP-MM project will have a cost figure in the approved TIP that is an estimate. This TIP “Estimated Construction Bid” shall include all construction costs at 100% and shall designate what percent match is required by the local agency.

   “Estimated Construction Bid” is defined as all anticipated bid item costs of the improvement project, other than for right-of-way acquisition, utility relocation or betterment, preliminary engineering, environmental analysis/clearance, contingency, change orders and construction engineering. The amount programmed as the “Construction Cost” in the TIP shall equal the “Estimated Construction Bid”.

2. Unless allocated a fixed amount, each selected STP-MM project may be adjusted when bids are approved.

   a. If bids are higher than the TIP Construction Cost, the TIP estimate shall become a fixed construction funding cap.

   b. If the Approved Construction Bid is lower than the TIP Construction Cost, the TIP shall be administratively revised by MPO staff to reflect the approved Construction bid (excludes any right-of-way acquisition, utility relocation or betterment, preliminary engineering, environmental analysis/clearance, contingency, and construction engineering)
c. Following the establishment of the project construction amount in items 2a and 2b above, the sponsoring entity is then eligible for up to 10% contingency of STP-MM project funding towards eligible change orders and up to 11% of STP-MM project funding towards eligible construction engineering and construction management costs. An under run in contingency cannot cover an over run in construction engineering/construction management and vice versa.

As these eligible change orders and eligible construction engineering costs are potential costs, they are not specifically programmed in the TIP towards the STP-MM. These costs, if incurred, would impact future fiscal allocations and it must be acknowledged that this could require the delay and/or re-scoping of existing TIP projects to remain fiscally constrained by fiscal year.

3. Once a project is included in the TIP, TxDOT and the local governmental entity (implementing agency) shall execute a Funding Agreement.

a. Prior to letting, the executed Funding Agreement will be based on the Estimated Construction Bid (identified as Construction Cost in the TIP) and reflect:

   Estimated Construction Bid + maximum 10% contingency of STP-MM project funding for eligible change orders + maximum 11% of STP-MM funding for eligible construction engineering and construction management costs.

b. Post Letting, if the Approved Construction Bid (excluding any right-of-way acquisition, utility relocation or betterment, preliminary engineering, environmental analysis/clearance, contingency, and construction engineering) is lower than the TIP Construction Cost, the Funding Agreement will be amended and re-executed to reflect:

   Approved Construction Bid + maximum 10% contingency of STP-MM project funding for eligible change orders + maximum 11% of STP-MM funding for eligible construction engineering and construction management costs.

4. Owner requested change orders will be covered 100% by the local agency. Owner requested change orders are the result of changes requested by the local agency, not included in the original TPB approved scope of work.

I. Category 9 (TA) Projects

Basic Requirements for TA Projects

The MPO will hold a competitive call for projects for TA funding. The Transportation Policy Board will approve a schedule, parameters and project selection criteria prior to the formal project call. Submitted projects must meet the following basic requirements:
1. Projects will be submitted to the MPO through an implementing agency and appropriate commitments of local match shall be made. Approval of the commitment of the local match from the agency submitting the project for consideration will be obtained and submitted to the MPO. An ‘in-kind’ match is not allowed for construction projects.

2. All submitted projects shall be developed in accordance with minimum standards as defined by AASHTO and/or NACTO, as applicable.

3. Each implementing agency is encouraged to address Title VI and Environmental Justice considerations in submitting projects to the MPO for consideration.

4. Agencies should consider the transit service area when submitting projects.

5. Funded TA projects will also be included in the MTP. Note: Amendments to the MTP and the TIP are made through the amendment process at the discretion of the Transportation Policy Board. Amendments to the MTP and TIP, can be made simultaneously.

6. All deadlines set by the MPO are firm.

**TA Call for Projects Process**

Prior to each TA project call, MPO staff will develop the schedule, submittal form and call for projects process. These items will be reviewed and acted upon by the Bicycle Mobility Advisory Committee (BMAC), Pedestrian Mobility Advisory Committee (PMAC), and Technical Advisory Committee (TAC) with final action by the Transportation Policy Board.

MPO staff will be responsible for assembling data for the technical scoring process. A subcommittee of BMAC and PMAC will score TA projects.

**TA Project Selection**

BMAC and PMAC will review the technical scoring, public input, project readiness and agency priorities and make a recommendation to the Technical Advisory Committee on a slate of projects to be funded. The TAC may request project presentations by implementing agencies and will make a recommendation to the MPO’s Executive or Transportation Policy Board, as directed by the approved call for projects process.
J. Public Involvement

The MPO commits to a public involvement process that includes the provision of timely information, provides reasonable public access to technical and policy information, provides adequate public notice, seeks out and considers traditionally underserved populations, and documents significant comments. Please see the MPO Policy 2: Public Participation Plan for additional information on public involvement.

Adopted: December 4, 2017
Policy 4:
Ethics Policy

A. Purpose
The Alamo Area Metropolitan Planning Organization (MPO) is committed to conducting its business in an ethical and open manner. To ensure ethical conduct by members of the Transportation Policy Board and its employees, and to ensure compliance with the Transportation Code and other provisions under state law.

B. Rules
The following rules have been adopted:

I. Chapter 472. Transportation Code Requirements:

a) No policy board member or employee of the MPO may accept or solicit any gift, favor or service that might reasonably tend to influence the member or employee in the discharge of official duties or that the member or employee knows or should know is being offered with the intent to influence the member's or employee's official conduct.

b) No policy board member or employee of the MPO may accept other employment or engage in a business or professional activity that the member or employee might reasonably expect would require or induce the member or employee to disclose confidential information acquired by reason of the official position.

c) No policy board member or employee of the MPO may accept other employment or compensation that could reasonably be expected to impair the member's or employee's independence of judgment in the performance of official duties.

d) No policy board member or employee of the MPO may make personal investments that could reasonably be expected to create a conflict between the member's or employee's private interest and the public interest.

e) No policy board member or employee of the MPO may intentionally or knowingly solicit, accept, or agree to accept any benefit for having exercised official powers or performed the official duties in favor of another.

II. Chapter 171. Local Government Code Requirements:

a) If a policy board member has a substantial interest in a business entity or in real property, the policy board member shall file, before a vote or decision on any matter involving the business entity or the real property, an affidavit stating the nature and extent of the interest and shall abstain from further participation in the matter if:
(1) in the case of a substantial interest in a business entity, the action on the matter will have a special economic effect on the business entity that is distinguishable from the effect on the public; or

(2) in the case of a substantial interest in real property, it is reasonably foreseeable that an action on the matter will have a special economic effect on the value of the property, distinguishable from its effect on the public.

b) If a policy board member is required to file and does file an affidavit, the policy board member is not required to abstain from further participation in the matter requiring the affidavit if a majority of the policy board members are likewise required to file and do file affidavits of similar interests on the same official action.

c) A person has a substantial interest in a business entity if:

(1) the person owns 10 percent or more of the voting stock or shares of the business entity or owns 10 percent or more or $15,000 or more of the fair market value of the business entity; or

(2) funds received by the person from the business entity exceed 10 percent of the person's gross income for the previous year.

d) A person has a substantial interest in real property if the interest is an equitable or legal ownership with a fair market value of $2,500 or more.

e) A policy board member is considered to have a substantial interest in a person related to the policy board member in the first degree by consanguinity or affinity, as determined under Chapter 573, Government Code, has a substantial interest.

C Incorporation of Statutes

All provisions of Section 472.034 of the Transportation Code and Chapter 171, Local Government Code, are intended to be incorporated into this ethics policy. In the case of any uncertainty as to the applicability of any of these statutes, the policy board member or employee should refer to the actual statutes.

D. Penalties

Any employee who violates the Ethics Policy is subject to termination or other employment related sanctions per personnel policy. Any board member or employee of the MPO who violates the Ethics Policy is subject to applicable civil or criminal penalty if the violation also constitutes a violation of a state statute.

E. Distribution

Upon adoption of the Ethics Policy by the Transportation Policy Board, a copy shall be distributed to each policy board member and MPO employee. Each policy board member and employee will acknowledge receipt of the Ethics Policy. The Ethics Policy adopted by the Transportation Policy Board shall be provided to each new employee no later than three (3) business days after the date on
which the person begins employment. The Ethics Policy adopted by the Transportation Policy Board shall be provided to each new board member no later than three (3) business days after the person qualifies for office.

F. Policy Amendment

When considered for amendment, this policy shall be subject to the MPO’s two-step approval process which allows for a public comment period of approximately 30 days prior to adoption by the Metropolitan Planning Organization Transportation Policy Board.

Adopted: April 28, 2014
Policy 5:
Technical Advisory Committee

Roles and responsibilities

The Technical Advisory Committee (TAC) is a standing committee. The role of the TAC is to provide technical advice to the Transportation Policy Board on elements of the transportation planning process. Any changes to this policy are subject to majority approval by the Transportation Policy Board.

At a minimum, the TAC provides technical, planning and policy review and recommendations and/or action on:

- Metropolitan Transportation Plan and amendments
- Transportation Improvement Program and amendments
- Unified Planning Work Program (UPWP) and amendments
- Final reports, technical reports, and technical memoranda resulting from studies undertaken with planning funds programmed in the UPWP

In addition, the TAC provides other technical recommendations as requested by the Transportation Policy Board.

Membership

The voting membership of TAC shall be structured as follows:

- Advanced Transportation District 1 representative
- Alamo Area Council of Governments: 1 representative
- Alamo Regional Mobility Authority 1 representative
- Bexar County 1 representative
- City of New Braunfels 1 representative
- City of San Antonio 3 representatives
- City of Seguin 1 representative
- Comal County 1 representative
- Greater Bexar County Council of Cities 1 representative
- Guadalupe County 1 representative
- Kendall County Geographic Area 1 representative
- MPO Bicycle Mobility Advisory Committee 1 representative
- MPO Pedestrian Mobility Advisory Committee 1 representative
- Northeast Partnership 1 representative
- Private Transportation Providers 1 representative
- Texas Department of Transportation 1 representative
- VIA Metropolitan Transit 1 representative

The representative(s) and alternate(s) of each governmental agency on the TAC will be designated in writing through each agency's/entity's internal procedures. A member of the Transportation Policy Board may not simultaneously serve on the Technical Advisory Committee. The Private Transportation Providers representative will be selected for recommendation by the TAC. The representative from
the Northeast Partnership and the Suburban Cities will be nominated through letters to the MPO from the Transportation Policy Board representative from the Northeast Partnership and the Chairman of the Greater Bexar County Council of Cities, respectively.

Each agency/entity on the TAC will be allowed to designate one alternate from within the same agency or entity for each representative serving on the TAC. If the representative cannot attend the TAC meeting, the designated alternate may attend and vote as the representative of the agency or entity. Proxies will not be allowed. Members (both primary and alternate) may not represent more than one entity at a time.

A primary member of the Transportation Policy Board may not serve simultaneously on the TAC, however, alternate Transportation Policy Board members may serve on the TAC.

In addition to the voting and ex-officio members, the TAC recognizes individuals and organizations within the community can provide meaningful input into the transportation planning process. These resources will be informed of TAC meetings and invited to provide input in a non-voting capacity as appropriate.

**Ex-Officio Membership**

Ex-officio members shall hold non-voting status on the TAC:

- Texas Dept. of Transportation - Transportation Planning and Programming Division
- Texas Commission on Environmental Quality
- Utility Coordination Council

**Election of Chair and Vice-Chair**

Every two years, the TAC will elect a Chair and Vice-Chair from its current membership. The Chair and Vice-Chair shall be elected by a majority of the members present at the meeting. Elections of Chair and Vice-Chair will occur in June 2014 and then in June of every even year.

**Chair and/or Vice Chair Vacancies**

Vacancies in Chair and/or Vice-Chair whether created by resignation or otherwise, shall be filled by election of the TAC for the remainder of the unexpired term and election to be held at the next regular TAC meeting.

**Quorum**

A quorum for meetings will consist of fifty (50) percent plus one or greater of the voting members or designated alternates of the TAC. Vacancies are defined as positions on the TAC that are not filled. Vacancies on the TAC will not count against the quorum.
Committees

The TAC will have the following committees:

A. Bicycle Mobility Advisory Committee

The role of the Bicycle Mobility Advisory Committee (BMAC) is to improve bicycle mobility within the Alamo Area MPO Study Area. BMAC will provide bold and visionary leadership in all matters affecting bicycle mobility in the MPO study area and be expansive in its vision with its mission throughout the entire region. BMAC will adopt Committee By-laws to outline its goals, desired membership and procedures. BMAC by-laws will be approved by the TAC and the Transportation Policy Board.

B. Pedestrian Mobility Advisory Committee

The role of the Pedestrian Mobility Advisory Committee (PMAC) is to improve pedestrian mobility within the Alamo Area MPO Study Area. PMAC will provide bold and visionary leadership in all matters affecting pedestrian mobility in the MPO study area and be expansive in its vision with its mission throughout the entire region. PMAC will adopt Committee By-laws to outline its goals, desired membership and procedures. PMAC by-laws will be approved by the TAC and the Transportation Policy Board.

Both BMAC and PMAC are advisory committees, and subject to this Policy, will directly advise the TAC on technical matters and the Transportation Policy Board on relevant bicycle and pedestrian-related policy issues.

C. Land Use and Regional Thoroughfare Planning Committee

The role of the Land Use and Regional Thoroughfare Planning Committee is to oversee the development and monitoring of the selected land use (growth) scenario for use in the development of the Metropolitan Transportation Plan and will provide input into the development of a Regional Thoroughfare Plan. The committee will operate on an informal basis and will meet as needed.

D. Freight, Rail and Transit Committee

The role of the Freight, Rail and Transit Committee is to review and provide input on regional freight, passenger rail, and transit initiatives as requested. The committee will operate on an informal basis and will meet as needed.

E. Traffic Incident Management Committee

The role of the Traffic Incident Management (TIM) Subcommittee is to consider input from the regional TIM group, provide direction as necessary, incorporate TIM into regional transportation planning practices, and to foster partnerships and agreements where possible. The committee will operate on an informal basis and will meet as needed.
