

TAC October 2021 Announcements

Resiliency Study – Oversight Committee

❑ Study Purpose

1. Identify potentially disruptive events; and
2. Perform risk assessments for how each disruption would impact all or parts of the transportation system; and
3. Provide recommendations on how to improve transportation system resiliency.

❑ Oversight Committee Charge

- Review proposals and recommend consultant team selection to Policy Board
- Meet periodically to contribute to the study effort and review consultant direction and findings
