

AAMPO OVERVIEW

AAMPO

Metropolitan Planning Organizations (MPO) are created by federal law to provide a comprehensive, cooperative and continuous transportation planning process for urban areas. Our MPO includes Bexar, Comal, and Guadalupe Counties, as well as a portion of Kendall County.

COMPREHENSIVE:

The MPO plans for the movement of people and goods across all modes including public transportation, roadways, vanpooling, carpooling, bicycle and pedestrian facilities.

COOPERATIVE:

Our Transportation Policy Board, Technical Advisory Committee, and Bicycle and Pedestrian Mobility Advisory Committees help represent the diverse stakeholders involved in transportation planning.

CONTINUOUS:

The MPO works with policy makers and the community on an ongoing basis to update the region's short and long range transportation plans as needed to prepare for future growth and development.

The MPO's Transportation Policy Board consists of

21

elected and appointed members from across the region

People travel over

50

million miles every day within the MPO study area and that number could double by 2045
